

The background is a light cream color with various abstract illustrations. In the top left, there's a teal shape with a black grid pattern. In the top right, a red teardrop shape with white speckles. In the center, a large teal circle with white speckles and a small black triangle above it. In the bottom left, a red vertical shape and a teal vertical shape with a black triangle above them. In the bottom right, a large orange circle with white speckles and a teal and red shape overlapping it. A thin black line runs diagonally across the bottom right.

QBOT

OVERVIEW OF CONVERSATION

> Are you worried about the future?

Yes. <

> What are you worried about?

How long the pandemic will last. <

> It's scary to think that places like Georgia and New York City are already taking steps to re-open, even though deaths are lowering, it's too soon.
What do you think the future will look like?

suspect
illness

future

covid
updates

hygiene

what do you want
to talk about?

transition

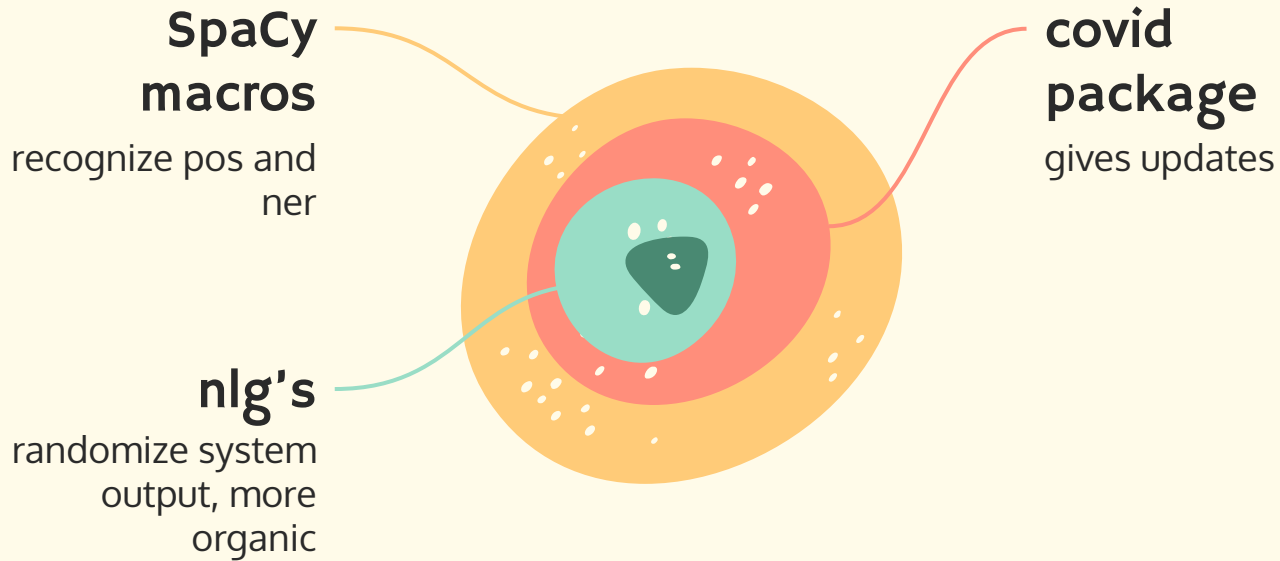

grounding
exercise

SUBJECT

changed themes,
couldn't build off of
homework two

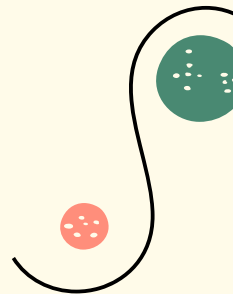

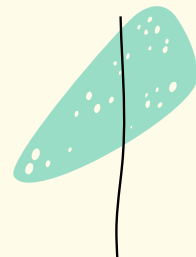

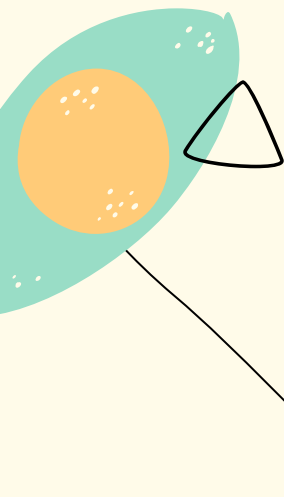

IMPACT

a global pandemic which has resulted in universal institutional shut-down and voluntary self-isolation is unprecedented at this scale. everyone has been touched in some way by covid, and needs to untangle their thoughts, feelings, and ideas of the future. the world has changed, and now it's up to everyone to see where it takes us.
